Please note: We are an informal group of friendly bicyclists - **We do not scout the routes or sweep the rides (look for lost riders)!** In order to have a good time (i.e., finish before sunset), you should be able to ride twenty hilly miles in two hours and know how to follow a map and cue sheet, on your own if necessary.

- For everybody's safety, please be alert when riding in a group. Ride a straight line, and look behind you before stopping or passing, especially at the start when everyone is bunched together.
- On these country roads, be particularly careful turning corners, where sand and gravel can cause you to skid. When cars approach from ahead or behind, alert your fellow riders and pull into single file. ("Car up!" and "Car back!" are the standard warnings.)

Recommended equipment:

- PLEASE Print your own maps from the website to help the ride leader out!
- Bicycle helmet
- Multi-speed bicycle in good condition
- Water (and maybe a little food)
- Spare inner tube, tire levers, and a tire pump
- Rain gear, windbreaker or sweater depending on the weather
- Cell phone
- A copy of previous year's cue sheet (if you have one)
